

Rustenburg Girls' High School

Admission Policy

Revised: February 2024

1. PREAMBLE

- 1.1 Rustenburg Girls' High School (RGHS) is a high school (Grades 8 to 12) for girls. RGHS is open to all learners who are assigned female at birth. The purpose of RGHS is and always has been to provide an empowering education for girls and to be a leader in girls' education and advocacy for women in South Africa.
- 1.2 All prospective learners need to complete the relevant Western Cape Education Department (WCED) online application and upload and submit the required supporting documentation (also listed in this policy document), in accordance with the instructions from the provincial education department. Applications will be processed by an internal RGHS admissions panel.
- 1.3 The school is a **fee-paying** school. School fees are payable in advance, at the start of the academic year, but the school offers various payment options designed to meet the needs of parents/guardians from different economic backgrounds, and also offers a discount if the annual fees are paid in advance and in full, as determined/agreed by the parent body at the annual budget meeting. For those meeting the relevant criteria, as enumerated and in the Regulations for the Exemption of Parents from the Payment of School Fees, total or partial exemption from the payment of school fees may be granted upon application to the school.
- 1.4 RGHS requires that parents/guardians and learners familiarise themselves with the Code of Conduct of the school ([link to the Code of Conduct here](#)), as the learner will be subject to and bound by this Code of Conduct for Learners and the School Rules and Regulations.

2. INTERPRETATION

- 2.1 In this policy any expression to which the meaning has been assigned in the National Education Policy Act, 1996 (Act 27 of 1996) as amended, and the South African Schools Act, 1996 (Act 84 of 1996) as amended, has the same meaning.

3. FOREWORD

- 3.1 In terms of section 5(5) of the South African Schools Act of 1996, the Governing Body of a public school must determine the admission policy of that school.
- 3.2 The Governing Body of RGHS has accordingly constituted the following as the Admission Policy of the school, in the belief that its provisions are consistent with:
 - 3.2.1 The Constitution of the Republic of South Africa (Act 108/ 1996).
 - 3.2.2 The National Education Policy Act (Act 27/1996) and any applicable policies determined in terms of this Act, including the Regulations for Admissions to Schools.

- 3.2.3 The South African Schools Act (Act 84/1996) and subsequent amendments.
- 3.2.4 The Western Cape Provincial School Education Act (Act 12/1997, as amended).
- 3.2.5 The Promotion of Administrative Justice Act (Act 3/2000).
- 3.2.6 The Occupational Health and Safety Act (Act 85 of 1993, as amended).
- 3.2.7 Relevant national and provincial admission policies.
- 3.2.8 Judgments of the Constitutional Court on the rights, powers and obligations of school governing bodies.

3.3 Whereas RGHS is a public school, the School Governing Body (SGB):

- 3.3.1 acknowledges that it has been entrusted with a public resource which must be managed not only in the interests of those who are learners and parents/guardians at the time, but also in the interests of the broader community in which the school is located, and in the light of the values of our Constitution.
- 3.3.2 defers to the relevant legal provisions, and enactments and court judgments to the extent that they are valid and binding upon them and take precedence over the right of the SGB to determine the admission policy of the school.
- 3.3.3 commits to working in partnership with the Head of Department to find workable solutions to matters of disagreement, and to engage meaningfully and in good faith on any disputes, including disputes over this policy and any decision taken on the basis thereof.
- 3.3.4 agrees that any such engagement will be directed towards furthering the interests of learners, taking account of the best interests of the child in so far as this does not impinge upon the rights or best interests of other children.

3.4 At the same time, it requires of the Principal, the Head of Department (WCED) and their delegates that they will at all times during any admissions process take the provisions of this policy into account (including the calculated capacity of the school which has been set at 900 learners, distributed 180 per grade and 30 per class over 6 classes), and apply it fairly and in accordance with the applicable law.

4. **POLICY**

NOTE: This admission policy should be read in conjunction with the RGHS's Code of Conduct for Learners.

4.1 It is the aim of the school to:

- 4.1.1 provide an environment where the race, culture, religion and economic standing of the individual are not an impediment to her access to, or progress in, any aspect of school life.
- 4.1.2 make provision during the enrolment process for applicants from a variety of backgrounds, including disadvantaged backgrounds.
- 4.1.3 promote transformation in line with the country's Constitution and eradicate such policies or practices which are unfairly discriminatory.

4.2 It is the policy of the school that:

- 4.2.1 no pupil will be refused admission on grounds of race, culture, language, religious

belief or financial circumstance. This aspect of the admission policy will be applied with due cognizance of the fact that it has been determined that the school is a single-sex school for girls, and thus only members of the designated sex, as per the Preamble, will be admitted.

- 4.2.2 admissions will be based on the number of educators, the school's facilities and the choice of subjects offered at the school, and that the school shall accommodate no more than 900 learners at any time. All classes shall normally consist of approximately 30 learners. At 180 pupils a grade is deemed to be "full". Of the 180 learners that RGHS is able to accommodate, 14 to 16 will be boarding places in grade 8 annually.

RGHS has over the past few years received in excess of 1200 day learners and 60 boarding applications annually. The School and SGB appreciate that the School cannot accommodate all learners who apply and that some process of selection regarding the admission of learners is inevitable. To prevent unfair discrimination, it has become necessary to apply certain admission criteria in selecting new learners. Therefore, and in view of the foregoing, it is the School's policy that preference be afforded to applications that meet the admission criteria listed in this policy document.

- 4.3 Any pupil admitted to the school is admitted to the total school programme and will not be suspended from classes, denied access to cultural, sporting or social activities of the formal school programme on the grounds of an inability by a parent to pay the laid down school fees. This excludes activities which are not deemed to be part of the compulsory academic programme and for which additional fees may be charged for learners to participate. This includes, but is not limited to activities such as a cultural exchange programme, a music/sport/leisure tour, the Matric Dance etc.
- 4.4 The SGB has determined that the Principal shall have the discretion to admit learners subject to the provisions of this policy. The absence or presence of any of the factors set out above does not mean that a learner will be refused or guaranteed admission to the School.

5. ADMISSION CRITERIA

- 5.1 Receipt of a completed WCED online application, which includes the required attachments, by the published deadline.
- 5.2 The age of the learner must be within two years of the average age for the grade.
- 5.3 Please note that an applicant whose age varies by more than two years relative to the statistical age norm of the grade cohort will not normally be accepted into the school.
- 5.4 Statistical age norm = grade to which admission is sought + 6: e.g. statistical age norm for grade 8 = 8 + 6 = 14: an applicant aged 16 may therefore not be admitted to Grade 8).
- 5.5 Learners need to be sufficiently proficient in English so as not to prejudice their ability to progress academically. The School is an English-medium institution equipped with human resources to cater for those learners whose mother tongue or chosen language of learning and teaching is the medium of tuition at the School.
- 5.6 RGHS is a school that prepares learners for further education and as such has a focus on academic excellence. The learner must, therefore, be able to cope academically with the specific pressures and unique demands of the school. (It will be a condition of final

acceptance that an applicant must have passed or been promoted out of the grade immediately below the grade into which admission is sought). Preference will be given to applicants with a record of academic potential and/or success in identified areas, particularly English and Mathematics. This preference will, however, take into account the primary school context of the applicant.

- 5.7 The applicant's unique ability and potential to add value to the school in various aspects of school life. Preference will be given to applicants with a record of involvement, leadership and/or who demonstrate an interest in one or more of the cultural and sporting activities which form part of RGHS's co-curricular programme, taking into account that there are primary schools that do not offer these kinds of opportunities. This will not be used as a limiting factor for acceptance.
- 5.8 The School may afford preference to siblings of learners already enrolled at the School, whose parents went to the School and/or whose older siblings went to the School in the past.
- 5.9 Applicants should have displayed levels of behaviour and self-discipline at their previous school(s) such that they are likely to help create, maintain and enhance an orderly and disciplined school environment, the teaching process of the school, and/or the learning of the other students.
- 5.10 Learners who reside permanently within a commutable distance to the School and for whom RGHS is a suitable option may be given preference over learners who do not reside permanently within a commutable distance to the School and who have not been admitted to the School's hostel.
- 5.11 It is specifically noted that enrolment at any specific primary school does not provide automatic acceptance to this school, even if that school is located geographically close to RGHS. We will try to place as many scholars from all-girls primary schools as possible, within the parameters of the listed criteria. There are a number of such primary schools in close proximity to RGHS and attendance at these schools will not guarantee acceptance at RGHS.
- 5.12 Similarly, enrolment of a sibling and/or family connections at designated schools in a 'family' of schools (e.g. brother and sister schools) or RGHS does not provide automatic enrolment at this school.
- 5.13 Any learner who receives a scholarship or bursary of any kind that is recognised by RGHS and that is conditional upon them being in attendance at the School must meet the criteria for admission set out above.
- 5.14 The admission of learners will be so managed that the school's intake aims to include representation of the major demographic segments (i.e. cultural, religious, racial and economic), without prescribing or accepting any predetermined quotas, numbers or proportions in respect of such representivity.

6. ENROLMENT PROCEDURE

- 6.1 Please see Annexure A for details - updated in accordance with WCED regulations annually.
- 6.2 RGHS, like many other neighbouring schools, is normally significantly oversubscribed and parents/guardians are strongly advised to ensure that they have applied for admission for their child to at least five other schools.
- 6.3 Should the online application for admission not be completed in its entirety, or should any

of the required documents not be provided, the application will be considered “Incomplete” and will not be processed.

- 6.4 It needs to be pointed out that it is a serious offence to provide false information, and that any applicant guilty of such action faces the possibility of criminal proceedings, imprisonment if found guilty, and the application for admission to the school will be null and void.
- 6.5 All documents and information collected will be processed in accordance with RGHS's Protection of Personal Information Policy.

7. ADMINISTRATION OF THE ADMISSION POLICY

In order to achieve the foregoing, but also to ensure a just and equitable selection process ***should the school be oversubscribed***, the measures listed below will be implemented in managing the admissions process.

- 7.1 At the start of each academic year the closing date for applications will be set and advertised, where relevant, in line with the instructions of the provincial education department.
- 7.2 Applications received by the closing date will be processed before those received after the closing date. Only after all applications received by the cut-off date have been dealt with, will the school process late applications.
- 7.3 It is specifically noted that the parents/legal guardians of a minor learner have the exclusive right to take an initial decision concerning which school they wish to apply to for their child/ward to be enrolled. Consequently, no application will be accepted or regarded as being valid unless it is made by the parent, legal guardian, person entrusted with the care of the minor learner by order of a competent court, or by a person authorised thereto, in writing, by one of the foregoing on the designated WCED portal.
- 7.4 Where the number of applicants exceeds the number of available places in the school, grade, class or subject for which application is made, applicants will be placed on the following basis, bearing in mind the school's policy on non-discrimination:
 - 7.4.1 Whether placement in the school is considered by the school to be in the best interests of the learner concerned.

NOTE: The ability of the school to provide adequately for the educational needs of the applicant (including, but not limited to, the language needs and other special needs) will be regarded as part of the best interests of the child, and will be considered before offering a place to a learner.

 - 7.4.2 In accordance with the criteria listed in 8 below.
- 7.5 While no admissions test will be administered to applicants, other than where placement in a specific course programme is required (e.g. Music), applicants and/or their parents/guardians may be expected to attend an information session with the Principal and/or a representative.

8. ADMISSION DECISIONS

8.1 Factors and circumstances to be borne in mind during the admissions decision processes

The precise application of the admission criteria and the weighting afforded to each of the

criteria shall remain within the discretion of the SGB. Additional factors for consideration are as follows:

8.1.1 The transformational aims and imperatives relevant to the school.

8.1.2 Applications for admission to the school hostel and to the school will be managed simultaneously, ensuring that no learner is granted admission to one but not the other, where geographical circumstances make her exclusion from one institution an automatic exclusion from the other.

8.2 Special criteria for the admission of learners to the school hostel

RGHS only offers weekly boarding at the hostel. The capacity of the hostel is limited to a maximum of 76 girls, with a proposed spread across the grades of approximately 14 to 16 girls per grade. Once it has been ascertained that places in the hostel are available, such places will be allocated to applicants based on the following discretionary considerations, which are set out in no particular order:

8.2.1 The learner meets the criteria for acceptance to the school.

8.2.2 That it shall be in the best overall interests of the child to be accommodated in a hostel rather than at home.

8.2.3 That there are no objective reasons (including fair and objective provisions contained in this policy) for the exclusion of the applicant from admission to the school served by the hostel, and that they are admitted to the school.

8.2.4 That the learner is a South African citizen or is a permanent resident or qualifies for a study permit.

8.2.5 The length of time for which boarding is required. Preference may be given to those who will require boarding for the duration of their high school career.

8.2.6 Preference will be given to those who live furthest away and need boarding in order to attend the school. Those learners for whom a commute would be more difficult may be given preference over those who live geographically closer to the school. This does, however, not exclude learners living close to the school from being offered spaces.

8.2.7 Learners who currently have siblings in the hostel may be given preference over other applicants. Having a sibling in the hostel does not, however, guarantee automatic acceptance to the boarding facility.

8.2.8 Learners who demonstrate independence will be given preference.

8.2.9 Learners who demonstrate a commitment to school programmes and for whom it would be beneficial to live on campus will be given preference.

8.2.10 That the parents/guardians are able to provide alternative accommodation for weekends and school holidays.

8.3 If, despite the fact that all applicants meeting the above criteria have been accommodated, there remain vacancies in the hostel, applicants who would otherwise be excluded in terms of any of the above criteria may be offered admission to the hostel in an order based on the professional judgement of the Principal and his hostel admissions committee, taking the best interests of the child into consideration.

8.4 Applicants for boarding spaces will undergo an interview to ascertain the fulfilment of the above criteria.

9. RE-ADMISSION AFTER REMOVAL FROM THE ROLL

It may happen that a learner's record has been cancelled in the class register (i.e. the learner has been removed from the learner roll) on the grounds of "continued absence" (see paragraph 55(e) of the National Education Department's Policy on Learner Attendance). This may occur following poor attendance and must be carried out in accordance with the procedures enumerated in the national or provincial attendance policies.

Should such a learner then apply for re-admission to the school, the application should be considered and the RGHS Admission Policy and its various criteria applied, but only after:

- 9.1 it has been ascertained that there is a vacant place in the school;
- 9.2 a serious discussion has been held with both learner and parent(s)/guardian(s) in which the problems which led to the absence are clarified and addressed, and in which the expectations on all parties, should the learner be readmitted, are clarified (See paragraph 18, especially (d) of the National Learner Attendance Policy);
- 9.3 the learner and her parents/guardians have convinced the school that her re-enrolment will be in the best interests of the learner;
- 9.4 the learner and parents/guardians have provided the school with a genuine and credible undertaking that the learner's future attendance is likely to accord with expectations;
- 9.5 the parents/guardians have accepted that they and the learner have a responsibility in assisting with and ensuring that all work missed during the period of absence is made up (See paragraph 18(e) of the policy); and
- 9.6 the school has spelt out clearly what role it will play in the behavioural and academic rehabilitation of the learner (See paragraph 25(e) of the policy).

If the learner is re-admitted, the admission will be treated as a new one, and a new entry for the learner must be made on the learner roll (See paragraph 59 of the Policy on Learner Attendance).

10. FINAL TOTAL NUMBER OF ADMISSIONS

It is accepted that the SGB's powers in respect of admissions are not unfettered, that this policy is not immune to intervention, and that the policy does not inflexibly bind other decision-makers in **all circumstances**. Thus, the final number of learners accepted into the school at any one time may vary from the above on the basis of specific enrolments and the subject choices of individual learners in a particular year, or upon the intervention of the Head of Department (WCED), with the understanding that any decision to overturn an admission decision of the Principal or depart from this admission policy must be exercised reasonably and in a procedurally fair manner.

The class, grade and school enrolment shall in any event not exceed the calculated capacity by more than 2% in any one grade or two learners in any one class without the ratification by the SGB of a motivated explanation from the admissions panel or Head of Education (WCED) for moving to such significant extent beyond the limits laid down in this policy.

11. APPEALS

Decisions taken in terms of this policy are taken by the Principal, acting on behalf of the Head of Department in this province. Anyone aggrieved by such a decision has the right to appeal to the Minister of Education in the province against the decision.

12. PROMULGATION AND ACCEPTANCE OF THE POLICY FOR ADMISSION TO RGHS

Adopted on 17 May 2011 by the SGB of RGHS: subject to the provisions of the South Africa Schools Act, Act 84 of 1996 and Section 28(2) of the Constitution. Amended and adapted in line with the relevant legislative changes and court rulings on 5 March 2019 and further updated and approved by the SGB in March 2022 and February 2024.

ANNEXURE A: WCED APPLICATION PROCEDURES

A summary of the processes prescribed by the WCED, updated as required. Step 1:

The WCED online application for admission must be completed by the due date for the relevant year, in accordance with provincial education department instructions.

The following documents, as required by the provincial education department, must be uploaded on the WCED admissions portal by the time and date indicated in the notifications for the relevant year.

Points 1 - 10 have been taken directly from the WCED Online Admissions Applications “Terms and Conditions”:

REQUIRED DOCUMENTATION

1. Parents MUST upload certified copies of the required supporting documents onto the system as part of this online application.
2. Certified hard copies of supporting documents must only be submitted to the school once the learner has been accepted and the parent has confirmed their final choice within seven days after the parent has confirmed the place at the school.
3. Your application is INCOMPLETE until ALL the relevant supporting documents have been submitted to the school.

DOCUMENTATION

4. The last official school Report Card / Results of the learner, if the learner attended a school previously.
5. ID / Birth certificate or passport of the learner.
OR
6. A study permit issued by Dept. of Home Affairs in case of foreign learners
OR
7. Alternatively, if a study permit is not available, proof of application to the Dept. of Home Affairs or a police affidavit may suffice.
8. Proof of Residence (Rates account / Lease agreement / An affidavit confirming residence)
9. In the case that the parent/ward does not have the required documents, the parent/ward can contact the local district office who will advise parents/wards of what to do.

NOTE:

- ***Should the online application for admission not be completed in its entirety, or should any of the required documents not be provided, the application will be considered “Incomplete” and will not be processed.***
- ***It needs to be pointed out that it is a serious offence to provide false information, and that any applicant guilty of such action faces the possibility of criminal proceedings, imprisonment if found guilty, and the declaration of the application for admission to the school as null and void.***

- ***All documents and information collected will be processed in accordance with RGHS's Protection of Personal Information Policy.***

Step 2:

Applications will be screened in terms of the admission criteria listed in this policy, and applicants will be shortlisted for possible admission on the basis of the RGHS Admission Policy. Parents/Guardians may be requested to attend an information session with their child. Attendance at such an information session does not guarantee admission to RGHS.

Step 3:

Unsuccessful applicants will be informed on the relevant date, as set by the provincial education department. In such cases, parents/guardians should make alternative arrangements for their child.

NOTE: RGHS, like many other neighbouring schools, is normally significantly oversubscribed and parents/guardians are strongly advised to ensure that they have applied for admission for their child to at least three other schools.

Step 4:

Where an application for admission is successful, parents/guardians of the applicant will be notified in writing of provisional acceptance, and they will be required to submit certified supporting documents (as listed in Step 1) within seven days of receipt of the notification.

NOTE: Late submissions of such acceptance forms, forms filled in incorrectly, forms which are incomplete in material respects and/or fraudulent will not be considered, and the place will then be offered to another applicant.

Step 5:

Successful applicants will receive details regarding school uniform, textbooks, stationery, fees, the orientation programme, etc. towards the end of the year of application.

Step 6:

In January, the learner's enrolment will be finalised upon:

1. Submission of her final school report confirming that she has passed the previous grade.
2. Submission of a transfer form from the previous school.
3. Submission of a completed and signed debit order form or payment of the annual school fees in full (including hostel fees, if applicable).
